

Show Me Your Facebook Page (feat. Janna Pelle)

I bought such sexy pants today
But I can't find a reason to be sexy
Not when Facebook shows Nick, far away
In his blonde girlfriend's arms wrapped in a bed-sheet

Oh no!
He used to be so shy
He was a nerdy guy
He was my favorite

Nick!
Show me your facebook page!
Show me how love is made
Show me how far you came

Let me see your love
Let me see your love
Show me how love is made
My virginity turns twenty-three
Charming Sean, status update in his pocket
Puts my hands where his wife's should be
In his profile they wear matching heart lockets

Sean!
Show me your facebook page
Show me your wedding ring
Show me your baby names!

Oh !
Love is so cute on you
Seems like you know it, too
Croon us a sweet "I do"

Let me see your love
Let me see your love
Show me how love is made
I
I once heard a wise man say

â€œwe are all one" anyway
And
As we go through time we all will become
what we see
So I am her
And she is me

Oh!
Show me your facebook page
I wanna hurt myself
Show me your everything

Once
There was a look you gave
Something that I could save
I took it home with me
For all eternity

Let me see your love
Let me see your love
Show me how love is made
