

# Bloodflowers (LP Version)

## The Cure

"this dream never ends" you said  
"this feel never goes  
The time will never come to slip away"  
"this wave never breaks" you said  
"this sun never sets again  
These flowers will never fade"  
"this world never stops" you said  
"this wonder never leaves  
The time will never come to say goodbye"  
"this tide never turns" you said  
"this night never falls again  
These flowers will never die"Never die  
Never die  
These flowers will never die"this dream always ends" I said  
"this feeling always goes  
The time always comes to slip away"  
"this wave always breaks" I said  
"this sun always sets again  
And these flowers will always fade"  
"this world always stops" I said  
"this wonder always leaves  
The time always comes to say goodbye"  
"this tide always turns" I said  
"this night always falls again  
And these flowers will always die"Always die  
Always die  
These flowers will always dieBetween you and me  
It's hard to ever really know  
Who to trust  
How to think  
What to believe  
Between me and you  
It's hard to ever really know  
Who to choose  
How to feel  
What to doNever fade  
Never die  
You give me flowers of loveAlways fade  
Always die

I let fall flowers of blood
