

# Relax Ya Mind

Warren G

It's that nigga GZ, Whee-Z back for the 9C  
I ex sippin' on the yak, so people wanna know what's next  
Ain't nuthin' changed, another day a new time  
With this uptempo beat with the G-Funk rhymeRegulatin' state to state, coast to coast  
It's all about the call of greens, yak, let's toast  
'Cuz it's a ballin' society  
I try to be the dopest I can be in this industry  
But you don't hear meI think ya betta, I think ya betta  
'Cuz when I get it goin' on I ain't gonna let up  
I set up the G-Funk family  
And we funk'in' up the industry until eternity  
It's alright with you if it's alright with me  
We'll get down to the sounds of the LBCRelax ya mind, ya mind, ya mind  
Relax ya mind and let your conscious be freein' you down  
To the sounds of the Warren G  
Relax ya mind, ya mind, ya mind  
Relax ya mind and let your conscious be freein' you down  
To the sounds of the Warren GI ain't easy bein' GZ  
But the lifestyle I chose, the status to which I rose  
The doors I open, I'm loccin', I'm scopin'  
Through the eyes of the G Child  
I see many try to duplicate the LBC styleBut it ain't even happenin' like that  
It was time I had to make a comeback and get mine  
You know I'm genuine  
Been in motion with the potion with snoop since 89Devotion is the key for me so  
Relax ya mind and let your conscious be free  
The homey just touched down, foolin' wit a pound  
Put yo gun down, so you can walk a safe groundRelax ya mind, ya mind, ya mind  
Relax ya mind and let your conscious be freein' you down  
To the sounds of the Warren G  
Relax ya mind, ya mind, ya mind  
Relax ya mind and let your conscious be freein' you down  
To the sounds of the Warren GI know it's been hard on you for about two  
So, I had to relax ya mind  
I thought you knew ain't nothin' but a long beach party  
With yo hands in the air, with the twist of coke and Bacardi  
All the homeys around and the slingshot T-shirts  
Skirts wit the baby fat it'll workPass me the indosmoke and get locked  
From the beach to the bay, makin' them sway

Like the ocean in motion, we coastin'  
Relax ya mind and keep floatin', floatin', floatin', floatin'  
And walk a safe ground Relax ya mind, ya mind, ya mind  
Relax ya mind and let your conscious be freein' you down  
To the sounds of the Warren G  
Relax ya mind, ya mind, ya mind  
Relax ya mind and let your conscious be freein' you down  
To the sounds of the Warren G Relax ya mind, ya mind, ya mind  
Relax ya mind and let your conscious be freein' you down  
To the sounds of the Warren G  
Relax ya mind, ya mind, ya mind  
Relax ya mind and let your conscious be freein' you down  
To the sounds of the Warren G Relax ya mind, ya mind, ya mind  
Relax ya mind and let your conscious be freein' you down  
To the sounds of the Warren G  
Relax ya mind, ya mind, ya mind  
Relax ya mind and let your conscious be freein' you down  
To the sounds of the Warren G
