Forget About The Rain

Trapt

I know I?ve got to try to look to better days
Well, I don't feel right, yeah you know it?s not the same
The weather here was nice but the sun has gone away
Tell me why those clear skies so suddenly have changed
I don't know where I am going
I just hope I?m not alone, oh I hope I?m not alone
Is there a space reserved for me sheltered from the cold?
Who really knows? Who really knows?
Let?s forget about the rain
Don't let your worries wash you away
Let?s forget about the rain
Hold onto the calm before the storm came
When the sky is overcast, the clouds the darkest gray
I remember what I had, oh I dream of yesterday
So caught up in the past the memories don't fade
I know this won't last, in the past I can't stay
I don't know where I am going
I just hope I?m not alone, oh I hope I?m not alone
Is there a space reserved for me sheltered from the cold?
Who really knows? Who really knows?
Let?s forget about the rain
Don't let your worries wash you away
Let?s forget about the rain
Hold onto the calm before the storm came
Soon the sky will clear and dry up all your tears
The sun will come to shine on you again
Pain will disappear, so will all your fears
The storm that you've been hiding from will end, end
Let?s forget about the rain
Don't let your worries wash you away
Let?s forget about the rain
Hold onto the calm before the storm came
Let?s forget about the rain
Let?s forget about the rain
Let?s forget about the rain
Let?s forget about the rain
Let?s forget about the rain
Let?s forget about the rain
