For The Last Time

Hudson Taylor

[Verse 1]
Hey, how does it feel to get what you want?
To get what you need for the first time?
We came so farm, you gave me a fistful of sorrow
And a broken heart, too bad to steal, to borrow
You spoke your mind straight through my heart like an arrow
I can't rewind, rewind for tomorrow[Chorus]
Hey, how does it feel to get what you want?
To get what you need for the first time?
Hey, I did what you said, I hung on the line
Down on my knees for the last time[Verse 2]
You cried, I burned, we still don't learn our lesson
We take our turn, we trade our in-discussions
Enough said, enough done, do you understand the question
I ask? How come it won't be your last confession?[Chorus]
Hey, how does it feel to get what you want?
To get what you need for the first time?
Hey, I did what you said, I hung on the line
Down on my knees for the last time
For the last time, for the last time, for the last time(Bridge x2)
You said I'll never be happy by myself (for the last time)
But I was lonely beyond regret (for the last time)
Leavin' you standing there (for the last time)
Never knew what I was missing (for the last time)[Chorus]
Hey, how does it feel to get what you want?
To get what you need for the first time?
Hey, I did what you said, I hung on the line
Down on my knees for the last time
For the last time, for the last time, for the last time
