

# Hellbound Train

## RedSea

Bad luck and trouble  
Crashin' through my veins  
And I ain't bound for glory  
There's a devil in my brain  
Got a fistful of whiskey  
A suitcase full of sin  
An' there's a thousand nasty habits  
Underneath my skin, yeah  
We can fly on wings of the flames  
Comin' down hard, only yourself to blame  
Playin' so tough in a deadly game  
Ain't that a shame  
Goin' down tonight on a Hellbound train  
Goin' down tonight on a Hellbound train  
I'm a speed demon, baby  
Movin' way too fast  
You put a dagger through my soul  
But you'll never kick my ass, oh no  
We can fly on the wings of the flames

Comin' down hard, only yourself to blame  
Playin' so tough in a deadly game  
Ain't that a shame  
Goin' down tonight on a Hellbound train  
Goin' down tonight on a Hellbound train  
Goin' down tonight, I'm Hellbound  
Well, I ain't good for nothin'  
Nothin's what I crave  
I'm your angel of darkness  
And I'll see you in hell one day  
We can fly on the wings of the flames  
Comin' down hard, only yourself to blame  
Playin' so tough in a deadly game  
Ain't that a shame  
Goin' down tonight on a Hellbound train  
Goin' down tonight on a Hellbound train  
Goin' down tonight, I'm Hellbound  
On a Hellbound train
