

Syracuse

Pinback

I step down into sand
Water carries us from here(Whatever the thing that set you up
Set you off and down again)I'm fightin' this assignment
I'm wishin' we fall into the well
I'm fightin' this assignment
I'm wishin' we fall into the world(Until he's spared no reason)I step down into sand
Water carries us from here(What he doesn't know
What he doesn't know
Could fit inside a thimble)I missed your monotube?
I missed you... far away...
