

# Give Myself a Party

[Mandy Barnett](#)

I've got a lot of memories  
To last me the rest of my life  
So if you don't wanna love me  
Baby, that'd be all right I'm gonna take all the lovin'  
That I have for you  
I'm gonna take all the loneliness  
Sit right down with the blues I'm gonna give myself a party and serve old memories  
Give myself a party, think of how it used to be  
Remember all the happiness that we once knew  
I'm gonna give myself a party, just me and the blues A few of your love letters  
A photograph or two  
A gift you gave on my birthday  
With words, I love you There's lots of things to think about  
When you're happy, feelin' blue  
So I'm gonna take all the loneliness  
Sit right down with the blues I'm gonna give myself a party and serve old memories  
Give myself a party, think of how it used to be  
Remember all the happiness that we once knew  
I'm gonna give myself a party, just me and the blues Just me and the blues
