

Lessons in love - Headhunterz remix

Kaskade

When you walk my way, I feel the rush come over me
It's the things that you say that makes the rush come over me
I never was too good at following rules
Nah, nah
I'm better just pretending I was the fool

All day, all night
I got the lights in my eyes, and I'm fallin' for you
All day, all night
I got the lights in my eyes, and I'm fallin' for you
All day, all night
I got the lights in my eyes, and I'm fallin' for you

Keep cool, stay young, I'm just havin' my fun
With the lessons in love

When you walk my way, I feel the rush come over me
It's the things that you say that makes the rush come over me
I never was too good at following rules
Nah, nah
I'm better just pretending I was the fool

All day, all night
I got the lights in my eyes, and I'm fallin' for you
All day, all night
I got the lights in my eyes, and I'm fallin' for you
All day, all night
I got the lights in my eyes, and I'm fallin' for you

Keep cool, stay young, I'm just havin' my fun
With the lessons in love
