

Trust

Keyshia Cole

Let me be the one who can take you from all the things you see
And if you trust in me I can be that
Through anything you need (anything you need)
And give it all to me baby
Don't you run from me baby
I'll give you every little piece of me
No I won't leave out a thing cause I know I know you've seen a lot of things in your life
Got you feeling like this cant be right
But I wont hurt you I'm down for you baby
(i know you've seen a lot of things)
I know you've seen a lot of things in your life
Got you feeling like this cant be right
But I won't hurt you I'm down for you baby (i'm down for you baby) Let me show you love can be easy if you
just let it be (if you let be)
Nothing is promised but I believe if
If I give it everything
I 'll give you everything I've got
I'll won't stop until you get it right
All the trust, & all the love you know we got a lot baby I know you've seen a lot of things in your life
Got you feeling like this cant be right
But I won't hurt you I'm down for you baby
(i know you've seen a lot of things)
I know you've seen a lot of things in your life
Got you feeling like this cant be right
But I won't hurt you I'm down for you baby (i'm down for you baby) I trust you, I love you, I want you, I need
you
Baby I breath you, never leave you
Life wouldn't be the same without you
I trust you, I love you, I want you, I need you
Baby I breath you, never leave you
Life wouldn't be the same without you, no, no, no, no, no I know you've seen a lot of things in your life
Got you feeling like this cant be right
But I won't hurt you I'm down for you baby
(i know you've seen a lot of things)
I know you've seen a lot of things in your life
Got you feeling like this cant be right
But I wont hurt you I'm down for you baby (i'm down for you baby) I know you've seen a lot of things in your
life (in your life)
In your life (in your life), I wont hurt you

Baby no, in your life (in your life)
In your life (in your life), I love you baby oh
I don't care what they say about us oh no, no, no, no, no
In your life (in your life), in your life (in your life)
I won't hurt you baby know in your life (in your life)
In your life (in your life) I won't hurt you baby no in your
Life (in your life) in your life (in your life)
I love you baby yeah oh
