Killing

Olive

Given the way we're living
Wouldn't you say we're killing ourselves?
Given the way we're living
Wouldn't you say we're killing ourselves?Why do you say don't worry
This is the way we're killing
OurselvesGiven the way we're living
Wouldn't you say we're killing ourselves?
Why do you say don't worry?
This is the way we're killingWe're killing, we're killing, we're killingGiven the way
Wouldn't you say
Why do you say
This is the way
OurselvesGiven the way we're living
Wouldn't you say we're killing ourselves
Why do you say don't worry
This is the way we're killing
Ourselves, ourselves, ourselves
