

# Angels In The Room

## Delta Goodrem

I know there's something here  
There's more than meets the eye  
More strange more beautiful  
Than these words can describe Don't know how I got here  
The past has come and gone  
I just know I have found  
The place my heart belongs And I want to stay  
I feel safe here in your light  
This must be what heaven's like  
Must be angel's in the room tonight So much here in this world  
I'll never understand  
I'll have to learn to trust  
I'll do the best I can All the mistakes I've made  
The wrong turns on this road  
Have only led me to your arms  
And all I know Cause I want to stay  
I feel safe in your light  
This must be what heaven's like  
Must be angels in the room  
Oh can you feel it too  
Must be angels in the room tonight
