Los Halos

Illusion is a relative drug
Infection is a hungry bug
Hunger is a blinding need
I am where you came to feed

A victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim

The truth is such a simple lie
Told him to a trusting eye
I trust you will not go away
Trust me, I will always stay

A victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim

Someday, someday
I'm gonna come to where your children sleep
and I'm gonna stay

Someday, someday
I'm gonna come to your children sleep
and I'm gonna stay

I'm gonna stand where your dreams have gone
I'm gonna stand where your fears are kept
I'm gonna stand where your money is spent
I'm gonna stand where it's soft and wet
I'm gonna stand, you're gonna be my pet
I'm gonna stand, you're gonna be my pet
I'm gonna stand where you're fears are born

I'm gonna stand where it's soft and warm

And the day after that, and the day after that
And the day after that, and the day after that
Well the first man had a daughter
and a murderer was born
It's been two thousand years since then
My stomach can't hold on

The first great elite will take place
When we're taking of our own
Till their time, you will always find
A killer in your home

A victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim
Of a victim, of a victim

Someday, someday
I'm gonna come to where your children sleep
and I'm gonna stay

I'm gonna stay
I'm gonna stay
I'm gonna stay
