Advisory - the following lyrics contain explicit language:

I used to live alone, but I found you, so certain
Im yours to take
Now I cant wait for all the mistakes
Weve yet to makeNow shake it up, baby, twist and shout
Were war-torn buildings, all bombed outLove, not unlike
I got drunk, pissin the night away
Love, not unlikeWont you come over and love me?
Wont you come over again?
Can you overcome the unnerving
Ossifying body youre in?I used to live alone just counting the pretty little flowers on my dress
I cant wait to consecrate this wondrous messWords unforgotten til we sing again
Start at the bottom, and then we descendLove, not unlike
Little joy in/around no more
Love, not unlike
I am woman, hear me roar
Love, not unlike
Larry Lemon, sanctified
Love, not unlikeWont you come over and love me?
Wont you come over again?
Help me overcome the unnerving
Ossifying body Im inI ask all the time
But you never tell me
What have I got to do, to make that man want me?What have I got to do (Lovin you is makin it easy)
To make that man love me (Lovin you is makin it up)
What have I got to do (Lovin you is makin it easy)
To make that man want me? (Lovin you is makin it up)
What have I got to do (Lovin you is makin it easy)
To make that man love me (Lovin you is makin it up)
What have I got to do?
