Excess Baggage

Staind

(Hidden track on Dysfunction)Well I know the words, but I can't really speak them
To youAnd I hide all the pain that I've gained with my wisdom
From youAnd I'm eaten alive by what I hold inside
All the things that I live with I can't easily hide
And I'm left here with nothing, nothing to live for
But youIt's not easy to hide
All this damage inside
I'll carry you with me
Until I'm not aliveWhen you look at my face, does it seem just as ugly?
To you?I can't seem to erase all the scars I have lived with
From youI'm so sick of this place
This taste in my mouth
Cause of you I can't figure what I'm all about
And I'm left here with nothing, nothing to live for
But youIt's not easy to hide
All this damage inside
I'll carry you with me
Til I'm not alive
