

# Excess Baggage

## Staind

(Hidden track on Dysfunction) Well I know the words, but I can't really speak them  
To you And I hide all the pain that I've gained with my wisdom  
From you And I'm eaten alive by what I hold inside  
All the things that I live with I can't easily hide  
And I'm left here with nothing, nothing to live for  
But you It's not easy to hide  
All this damage inside  
I'll carry you with me  
Until I'm not alive When you look at my face, does it seem just as ugly?  
To you? I can't seem to erase all the scars I have lived with  
From you I'm so sick of this place  
This taste in my mouth  
Cause of you I can't figure what I'm all about  
And I'm left here with nothing, nothing to live for  
But you It's not easy to hide  
All this damage inside  
I'll carry you with me  
Til I'm not alive
