

Feel So

Sevendust

Bleeding soul, I feel I'm dying
I persist, I persist, I think I'm hiding
I've lost my soul, no happiness
I feel soAre you ashamed of what you've become?
You call my name, you call my name
I try to run, I've lost my soul, no happiness
I feel soWhat did you say?
(What did you say?)
I don't understand
Why I feel this way?
(Why do I feel so?)Bleeding soul, I feel I'm dying
I persist, I persist, I think I'm hiding
'Cause I've lost my soul, no happiness
I feel soWhat did you say?
(What did you say?)
I don't understand
Why I feel this way?
I feel soWhat did you say?
(What did you say?)
I don't understand
Why I feel this way?
(Why do I feel so?)I've lost myWhat did you say?
(What did you say?)
I don't understand
Why I feel this way?What did you say?
(What did you say?)
I don't understand
Why I feel this way?
