Between You and Me

Joy Enriquez

Why can't you tell the truth?
Why is it hard to choose?
Why am I loving you?
When you don't know if you're trueWhy did I give my trust?
Why did you promise so much?
Why do I hesitate to leave?
When you ain't no good for meI can't go on this way
Hoped you, you would feel the same
'Cause I can't do what I really want to
That's why I'm leaving you know babyHow could you really think that I would sit and wait
For you to try and make a decision about us
If it was up to me we'd both live faithfully
But there's no security between you and me and meDon't know if you love me
Don't know if I should be
Don't know what is to be
But I gotta know or let goDon't know what is in your plan
I don't know just where we stand
I just don't know if I can
Be a part of questioned plansI can't go on this way
Hoped you, you'd feel the same
'Cause I can't do what I really want to
That's why I'm leaving youHow could you really think that I would sit and wait
For you to try and make a decision about us
If it was up to me we'd both live faithfully
But there's no security between you and me and meHow could you really think that I would sit and wait
For you to try and make a decision about us
If it was up to me we'd both live faithfully
But there's no security between you and me and meWhat makes you think I'll sit and wait?
While you go and play your game, I won't live this wayI think it's time that we should dance
I think it's time that I made you dance
I think it's time that we should dance
I think it's time that Joy make you dance, come onI think it's time that we should dance
I think it's time that I made you dance
I think it's time that we should dance
I think it's time that Joy make you danceHow could you really think that I would sit and wait
For you to try and make a decision about us
If it was up to me we'd both live faithfully
But there's no security between you and me and meHow could you really think that I would sit and wait
For you to try and make a decision about us

If it was up to me we'd both live faithfully
But there's no security between you and me and meHow could you really think that I would sit and wait
For you to try and make a decision about us
If it was up to me we'd both live faithfully
But there's no security between you and me and me
