For You To Love

Luther Vandross

It's the middle of the night
And I can't sleep at all, I'm so uptight
Tossin' and turnin' is how I've spent the time
I've got so much on my mind hey
Something's got a hold on me
I think it's love, don't you agree?
It's got to be, I don't feel better
I know what I've got to do
I've got to get next to you
So I came here
(For you to love)
In the pouring rain
(For you to love)
And I know I'm ready
(For you to love)
I'll be the best I can
(Honey, for you to love)
'Cause honey it's you I love
Love, love yeah
I start to wonder what is true?
And I get so confused
(What should I do?)
You make me worry
When you say you understand
But that I can't be your man
Something's gotta change your mind
Now, if I get my love to you in time
(Then you'll be mine)
Ooh, I've got to get over
Yes, that's what I've gotta do
Look out 'cause I'm after you
I came here
(For you to love)
In a hurricane
(For you to love)
Just to be ready
(For you to love)
I'll be the kind of man
(Honey, for you to love)

'Cause honey it's you I love
Love love love yeah
'Cause honey it's you I love yeah
I wanted to see you
I wanted to make your day
I got myself ready
To hear the words you would say
'Cause sometimes you talk to me so emotionally
But then, you pull it back, baby
Just let yourself love me
I came here
(For you to love)
I took a train, my dear
(For you to love)
So, you know I'm ready
(For you to love)
I never doubt, never fear
(Honey, for you to love)
'Cause oh honey it's you I love
'Cause oh honey it's you I love
Love, love, yeah
For you to love
For you to love
For you to love
...
