Just Now (SÃ³ Agora)

Pitty

My child, so much to learn
Feel my breast feed yourself, feeding me
So let me spoil you, let me adore you
Now, and just now
'Cause I know someday
I'll have to let you goAnd you know, I?ll be your home if you need
And take your time, just like the way that should be
What am I supposed to do? Besides watch you sleep
Now, and just now
I?m running through de field
Before I let you goThen the season changes
When the need becames
You?re just blooming now
Carefully, beautifullyEven when you won't be around
Remember you have heard this sound
It was about how I cared and how I felt
Then, and just then
Maybe you realize
That I'll never let you go
