

Out of This World

Marillion

Three hundred miles an hour on water
In your purpose-built machine
No one dared to call a boatScreaming blue, out of this world
Make history, this is your day, blue bird
At such speeds things flyWhat did she say?
I know the pain of too much tenderness
Wondering when or if you'll come back again
Wanting to live for you and being banned from givingBut only love will turn you around
Only love will turn you around
Only love, only love will turn you around[Incomprehensible]So we live you and I, either side of the edge
And we run and we scream
With the dilated stare of obsession and dreaming
What the hell do we want?Is it only to go where nobody has gone
A better way than the herd, sing a different song
Till you're running the ledge to the gasp from the crowd
Spinning 'round in your head, everything that she said
