

Planned Attack

Quasimoto

See coming through I hope it will come another We'll take you out

Hey yo are you the one?

Are you the one

I took that niggas life

Without using a gun

But aint got no style

When I planned my attack I doubt that you re ready

When I planned my attack I doubt that you re ready

I doubt that you re ready

I doubt that you re ready

I doubt that you re ready

When I planned my attack I doubt that you re ready

Making a rap play

If was up to me

I was ready yo

But when I drop my shit it's like

Cause I'm about to service

When I planned my attack I doubt that you re ready

I doubt that you re ready

When I planned my attack I doubt that you re ready

I doubt that you re ready

When I planned my attack I doubt that you re ready

I doubt that you re ready

When I planned my attack I doubt that you re ready

I doubt that you re ready
