

# Strangers

[Eric Roberson](#)

Strangers be, become friends  
Fall in love love  
Strangers be, become friends  
Fall in love love  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Met this chick about a year ago  
What I love about her, she has so much soul  
Plus a mind that my mind would like  
And even pops said about her is out of control  
We up this I could have seen nothing going wrong  
Through we was good then all of a sudden  
She and I hear the reason  
Strangers be, become friends  
Fall in love love  
Strangers be, become friends  
Fall in love love  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Come on  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Stranger comes along, catch ears and eyes  
back and smile, wait for reply  
Friends  
If I knew I would have hurt my friend  
I might not even try  
Is what you know  
Is when you see her out with her girls  
She just walks right by  
Strangers be, become friends  
Fall in love love  
Strangers be, become friends

Fall in love love  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Come on  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Now see I prefer, so just take it slow  
When the thing we fall sometimes just wrong  
still believe in love  
Strangers be, become friends  
Fall in love love  
Strangers be, become friends  
Fall in love love  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Tell me, what did we  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Strangers be, become friends  
Fall in love love  
Strangers be, become friends  
Fall in love love  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again  
Were just, strangers again.  
Were just, strangers again.
