

The Dream (From Electric Dream)

Culture Club

Like alice in wonderland
The dream takes you by the hand
Inside emotions that you might not feel
If by some notion the dream was not real The dream, the dream, the dream Watching the colours as they run
Figures you mould like the sun
Lovers can dream, devils can dream
You may be nowhere until you have seen The dream, the dream, the dream whoa Oh what have I done?
Close my eyes and I dream of some world
It could be magic, it could be tragic Hee, dream The dream, the dream, the dream whoa
