Lost In The Rhythm (ft. Octavia Rose)

Jamie Berry

There's a boy downtown,
From the club I know,
He doesn't say a word,
He just hits the floor.

The way he moves
Always caught my eye
Couldn't take it no more,
Just had to try.

I moved to the floor,
As he danced away,
His feet like magic,
And he looked my way.

And in one swoop,
He had me by his side
And I knew I was in for a ride, as we

Swing to that sound,
Our feet tap, tapping
And our heartbeats beating and we

Spin round and round, as we're lost in the rhythm
The lights and the crowd.

That look in his eyes made me sure
We'd be dancing til' the dawn.

Boy, I'll tell you that boy can move,
Got me twistin' and turnin' around in my Jimmy Choos
Never knew I'd feel so alive,
The guy sure knows how to twist and jive.

Swingin' around the
Club all night,
Not once did he ever
Leave my side.

No matter what,

We couldn't stop
Dancing waiting for that drop, as we

Swing to that sound,
Our feet tap tapping and our
Heartbeats beating and we

Spinnin' round,
Lost in the rhythm with the
Lights and the crowd.

That look in his eyes made me sure
We'll be dancing, dancing, dancing til' the dawn.

Lost in the rhythm with the
Lights and the crowd.

Lost in the rhythm with the
Lights and the crowd.

Swing to that sound,
Our feet tap tapping and our
Heartbeats beating and we

Spin round and' round,
Lost in the rhythm with the
Lights and the crowd.

That look in his eyes made me sure
We'll be dancing, dancing, dancing til' the dawn.
