A Minute To Ourselves

The Elms

I need time away, away from all time
To make a change, to change my mind
I wanna give, I wanna share
I wanna sing like its a prayerIf we only had a minute to ourselvesI could find hope there with You
I could find something to do
Even though Ive been missing out for quite some time
We could find places to goWe could unlearn all we know
I could be Yours and Youd be mine for all of time
