

# Only God

## Ektomorf

No way, I say no way  
You can't put me down  
I know who you are  
I know what you wantYou can say anything  
You can say everything  
I don't care anymore  
'cause you need to know  
thatNo  
One  
Else  
Only god can judge meI am all your thoughts  
'cause you're so envy  
you just fuck up your energy  
cause you need to know  
thatNo  
One  
Else  
Only god can judge me
