# Human Again

## Kodaline

I don't even recognize when I look into your eyes,
All I can ever see, is trouble hanging over me.
Trouble , trouble, trouble hanging over me.
Trouble, trouble, trouble is all I ever see.I got a pain in my heart and a pain in my chest,
I wanna be human again.
I got a pain in my head, and I'm losing my breath,
I wanna be human again.
Human Again, Human Again, Human Again, Human Again.
I wanna be human again.I can feel it in my bones, I don't wanna die alone.
When I all ever get is rain, help me see the sun again.
I can see the change in me, makes me feel alive again.I got a pain in my heart and a pain in my chest,
I wanna be human again.
I got a pain in my head, and I'm losing my breath,
I wanna be human again.
Human Again, Human Again, Human Again, Human Again.
I wanna be human again.I keep on fighting and I keep on trying,
I know there's a light in the dark.
Open your eyes to the beauty inside of,
Your body, your soul and your heart.I wanna feel human, I wanna be human.
Human again, what a beautiful feeling.
Human again, I'm coming alive.
Human again, I wanna be human, I wanna be human againI got a pain in my heart and a pain in my chest,
I wanna be human again
I got a pain in my head, and I'm losing my breath,
I wanna be human again.
