

# Force of Nature

## Esma

Electricity

First time we meet

Hundred degrees

I like the heat

The problem is

I been told things

Stay away from him

But he draws me in

Lost my sanity

He posses me

Underneath my skin

Im still feelin him

Should I take the risk

Is it worth it

Like an animal

Let him cage me in Whether he transforms, Ill weather the storm X2(Chorus)

When you strike my

My sky like that

Got me screaming out

Like thunder

When you strike me

Like lighting

Boy Im likin it

Take me under Shock therapy

Hes giving me

Got the fever now

Theres no remedy

Ive gone insane

I like the pain

Sweat dripping down

Like summer rain Creeping in the night

Ya I hope he bites

Touch of his skin

Got me shivering

Unpredictable

But I let him in

So dangerous

This is fatal lust Whether he transforms, Ill weather the storm X2(Chorus)(Bridge)

Hes a force of nature

Hes a killa  
My hearts in danger  
Hes a killa  
X2(Chorus)Hes a killa X2
