

Girls Are Always Right

G.R.L.

Even if we're wrong
Girls are always right
Even if we lie
Girls are always...What you gonna say, What you gonna say, say
When I tell you that I know you lie
What you gonna do, What you gonna do, do
When I'm packing my things tonight
Without you, I'm better off
Cause your kiss was just bad luck
Shoulda known from the start
You were best at breaking heartsWhat, what you tryna fight
Get this straight tonight
Girls are always, girls are always right, yeah
Boy, one day you will cry
And wish for you and I
Girls are always, girls are always right, yeahEven if we're wrong
Girls are always right
Even if we lie
Girls are always rightI'm not gonna wait, I'm not gonna wait, wait
If you done at messing up again
I'm not gonna give, I'm not gonna give in
Sorry we're not staying friends
Without you, I'm better off
Cause your kiss was just bad luck
Shoulda known from the start
You were best at breaking offWhat, what you tryna fight
Get this straight tonight
Girls are always, girls are always right, yeah
Boy, one day you will cry
And wish for you and I
Girls are always, girls are always right, yeahEven if we're wrong
Girls are always right
Even if we lie
Girls are always rightGetting all red, looking down down
What you got going through your mind
What you think about now
Getting all red, looking down down
What you got going through your mind
What you think about now

Getting all red, looking down down
What you got going through your mind
Girls are always right You're the only reason why I stay up all night
And I'm wondering why you go on and on, and on and on, yeah
Why you tryin' to please me
After what you did
Boy I saw new we
You go on and on, and on and on What, what you tryna fight
Get this straight tonight
Girls are always, girls are always right, yeah
Boy, one day you will cry
And wish for you and I
Girls are always, girls are always right, yeah Even if we're wrong
Girls are always right
Even if we lie
Girls are always right
