Yo Gotti

Listen to the tracks Umma do me, umma do me, umma do me
You just do you, umma do me, umma do me, umma do me You wear Reebok, I wear Bally
You smoke Michy, I smoke Cali
You wear Enyce, but I wear Louis
I drop 600 boys on these Guccis You really like her, you might wife her
I don't like her, so I one night her
You make it sprinkle, I make it tsunami
You get chump change, but I get money You like dancin, I just two step
You like to trick off, but I don't do that
You don't tote what, I keep that tooly
Wanna see how it's done? Watch me do me! You just do you, and what?
Umma do me, umma do me, umma do me
You just do you, and what?
Umma do me, umma do me, umma do me Wanna see how its done? Then watch me do me

Watch me do me, watch me do me What's that, new Dolces? These here chrome heart
You need a key for yours? Me, mine will auto-start
Man I talk to the car, the car talk back
Then I step up out the car, watch the car back back Yo' money funny, my money talk
While we talking money, look, this how money walk
Playa why you limpin? It could be two things, like what?
Them fifteens or whole stacks in my blue jeans That's last year's model, me, I'm in that new thing
Black flips, black sack, call 'em shoestrings

If you ain't getting money, then I'm nothin' like you
I'm from the ol' school, you from the new school
My ol' school cost more than your new school Just got a new school, that's what I'm used to
Suede around the panoramic equals clear view
You in my rear view, yeah you history
First to second, two seconds, I love a six speed I swag it out, uh felt my swag
The shoes match the hat, the hat match my bag

These haters mad, you don't like it, then sue me
Wanna see how its done? Then watch me do me You just do you, and what?
Umma do me, umma do me, umma do me
You just do you, and what?
Umma do me, umma do me, umma do me Wanna see how its done? Then watch me do me
Watch me do me, watch me do me
Wanna see how its done? Then watch me do me
Watch me do me, watch me do me
