

# Never Say Never

that dog.

I was blind as a bat  
And still knew where you were at  
I was deaf and dumb  
And still knew that you're the only one I could show up at your door  
And still know what you're looking for  
I could wait in your line  
And if you had no money, I'd give you my last dime I never  
(Never, never)  
Took it out  
No, I never  
(Never, never)  
Took it out on you  
No, I never  
(Never say never)  
Take it out on you No, I never  
(Never, never, never)  
Took it out  
(Never, never, never)  
No, I never  
(Never, never, never)  
Take it out on you  
(Never, never, never) No, I never  
Took it out  
No, I never  
(Never say never)  
Take it out on you Never say never  
Never say never  
Never say never  
Never, never
