Two Chairs on the Beach

Brian Neale

1st verse:
We've been savin' an-uh-workin',... an-ah-workin' and-a-savin';
Weekends, nights and overtime, ..planin' that ole permanent vacation;
Can't wait to put a flower in your hair, and in my mind we're already there.

Chorus:
And two chairs in the beach, margarita's in our hand,
Watchin' that ole sun sink,.... till it comes up again,
Soakin' up the stars, paradise is ours, I can see you and me
in two chairs on the beach.

2nd verse:
Slip into that ole sun dress, even though outside it's ten below.
And I'll mix us up a little something special, you can lay in my arms so you aint so cold.
we'll pretend this carpet is island sand,.. all we'll be missing is a steel drum band..

Chorus:
And two chairs in the beach, margarita's in our hand,
Watchin' that ole sun sink,.... till it comes up again,
Soakin' up the stars, paradise is ours, I can see you and me..
in two chairs on the beach.

Bridge:
I'll rub some lotion on your back.
and we finally relax..

Chorus:
.... In two chairs in the beach, margarita's in our hand,
Watchin' that ole sun sink,.... till it comes up again,
Soakin' up the stars, paradise is ours, I can see you and me..
in two chairs on the beach.
