Doit

Mouse on Mars

Hey
You
Wait
Do it

And the ship up there, that wants to leave
Filled up to the brim with children
Hangs a little while but the string
Soon is a wearing

Hey
You
Wait
Do it

And the ship up there, that wants to leave
Filled up to the brim with children
Hangs a little while but the string
Soon is a wearing
Silently

And the ship up there, that wants to leave
Hangs a little while, soon is a wearing

Hangs a little while, silently
