

When I Get Paid

Allstar Weekend

No I don't get cash to float
But I got mad love to give
Just fine that I'm flat broke
Least I'm not faking it
Hey, hey, hey
Like Nike we can do it
Hey, hey, hey
Like a movie
I'm gonna save the girl, I'm gonna rule the world
I won't be looking for love because I got you
When I get paid we'll go out
We can talk about getting you all those things that you can live without
When I get paid we can laugh
Talk about the past, It's funny how our friends said we would never last
You won't believe it but when I say it I mean it 'cause in my head I can
See it
We'll be living like superstars
When I get paid (whoa oh oh)
When I get paid (whoa oh oh)
No I'm not that superstar
But I got that shine in me
Even in my broke down car
I'm gonna make history
And hey, hey, hey
Like Nike we can do it
Hey, hey, hey
Like a movie
I'm gonna save the girl, I'm gonna rule the world
I won't be looking for love because I got you
When I get paid we'll go out
We can talk about getting you all those things that you can live without
When I get paid we can laugh
Talk about the past, It's funny how our friends said we would never last
You won't believe it but when I say it I mean it 'cause in my head I can
See it
We'll be living like superstars
When I get paid (whoa oh oh)
When I get paid (whoa oh oh)
Someday when we've got everything we want(all the cars and the fancy things

But we know it don't mean a thing)
We'll look back and we'll realize that we had it all along
When I get paid we'll go out
We can talk about getting you all those things that you can live without
When I get paid we can laugh
Talk about the past, It's funny how our friends said we would never last
You won't believe it but when I say it I mean it 'cause in my head I can
See it
We'll be living like superstars
When I get paid (whoa oh oh)
When I get paid (whoa oh oh)
