

Words

Train

I'd give anything but I won't give up on you
I'd say anything but not goodbye
I will run with your changes and I'm always on your side
And there's not a word that I've ever heard
That would make me change my mind
Words they'll try to shake you
Don't let them break you or stop your world from turning
When words keep you from feeling good
Use them as firewood and let them burn
Like stones in your pocket people try to wear you down
Someone always wants to take the love you've found
So let's run with these changes and I want you by my side
And there's not a word that I've ever heard
That could make me change my mind
Words they'll try to shake you
Don't let them break you or stop your world from turning
When words keep you from feeling good
Use them as firewood and let them burn
Let them burn, let them burn
Underneath every word somebody's heart been broken
With or without words we try to forget
Words they'll try to shake us
Don't let them break us or stop our world from turning
When words keep you from feeling good
Use them as firewood and let them burn
Words they'll try to shake you
Don't let them break you or stop your world
Stop your world from turning 'round
When words keep you from feeling good
Use them as firewood and let them burn
Let them burn, let them burn
