

Nobody Moves

Brown Boy

Nobody moves, nobody get hurt
Don't make me put yo' face on a T-shirt with some dirt
 Nobody moves, nobody get hurt
Don't make me put yo' face on a T-shirt with some dirt
 Don't make me put yo' face on a T-shirt with some dirt
 Nobody moves, nobody get hurt
Don't make me put yo' face on a T-shirt with some dirt
 I retired from the game 'til you niggaz got me fucked up
 I'm back for 2000 to get y'all bitches and y'all niggaz bucked up
 The media started hatin' 'cause I made my money on the corner
 I'm like the Energizer Bunny on some weed and Corona
 Now y'all don't wanna fuck wit me
 I got some killers that'll bust wit me
 And I represent that CP3
 'Til I'm motherfuckin' six feet deep
 Nigga I'ma ball 'til I fall, no fakin' it's all real
 How many niggaz can roll through the project that made \$56 mill?
 We all tatted, all gatted, we hustlers, y'all addicts
 Now who the fuck want static? I got the automatics
 Nobody moves, nobody get hurt
 Don't make me put yo' face on a T-shirt with some dirt
 Nobody moves, nobody get hurt
 Don't make me put yo' face on a T-shirt with some dirt
 Motherfucker, we back
 To all the hater niggaz thought No Limit was fallin' off
 I'm here to set the record straight
 Motherfucker, I'm goin' off
 On all you bitches speakin' behind the microphone
 One more word and I'ma follow you home
 Empty my chrome, up in your dome
 It's the Y2K, motherfucker we came to crush bones
 Eternal sleep to all you niggaz talkin' beef
 I cut you up and eat you I'm a wild fuckin' beast
 I'm like a fuckin' bomb and P's the designator
 Go 'head and push the button, let me get rid of all the haters
 Nann nigga here can fade us, so bow motherfucker
 Bow to the fuckin' greatest
 Nobody moves, nobody get hurt
 Don't make me put yo' face on a T-shirt with some dirt
 Nobody moves, nobody get hurt
 Don't make me put yo' face on a T-shirt with some dirt
 We put the choppers up, my nigga done put the legs
 down
 Niggaz think we playin' at first, but shit done got serious now
 We make nightmares come true, when we come through
 Nigga, you don't wanna fuck with us
 That there they see what a nigga did done you, run who
 And I don't believe in that ten years down the line shit
 Revenge so when you come through, bury your lil' son too
 Shit is real now
 We walk away, fuck nah I was taught to spray

If the drama too big for what I got on my hip

P and Magic brought the K, niggaz done fucked up the game

That's why they got stuck for they chain, niggaz ain't real killersNiggaz [Incomprehensible] looked up in vain

See I ain't no killer, but if come down to it I'll bust yo' brains in

I don't give a fuck who around me

Never touch my No Limit chain again, bitchNobody moves, nobody get hurt

Don't make me put yo' face on a T-shirt with some dirt

Nobody moves, nobody get hurt

Don't make me put yo' face on a T-shirt with some dirtNobody moves, nobody get hurt

Don't make me put yo' face on a T-shirt with some dirt

Nobody moves, nobody get hurt

Don't make me put yo' face on a T-shirt with some dirt
