

Kill (demo)

Jimmy Eat World

Well you're just across the street
Looks a mile to my feet
I want to go to you
Funny how I'm nervous still
I've always been the easy kill
I guess I always will
Could it be that everything goes round by chance
Or only one way it was always meant to be
You kill me you always know the perfect thing to say
Hey hey
I know what I should do but I just can't walk away
I can picture your face well
From the bar in my hotel
I wish I'd go to you
I'll pick up put down the phone
Like your favorite Heatmeiser song goes
It's just like being alone
Oh god please don't tell me this has been in vain
I need answers for what all the waiting I've done means
You kill me you've got some nerve but can't face your mistakes
Hey hey
I know what I should do but I just can't turn away
So go on love
Leave while there's still hope for escape
You gotta take what you can these days
There's so much ahead
And so much regret
I know what you want to say
I know it but can't help feeling differently
I loved you
And I should have said it
Tell me just what has it ever meant
I can't help it baby this is who I am
Sorry but I can't just go turn off how I feel
You kill me you build me up but just to watch me break
Hey hey
I know what I should do but I just can't walk away.
