

Makin' Sunshine

The Trews

Tomorrow's always far away
when you are stuck in yesterday
and this old town keeps you locked up and lost inside it draws the lines upon you face
it makes you old before your day though its rainin
Don't stay in
no escaping
we are dancinMy heart is not the type to sway
its good for any other day
so if you say that you will stay and you'll be mine oh i'll make everything ok
I'll push the hurt of world away though its rainin
Don't stay in
no escaping
we are dancinI'm right on time
I'm makin sunshine
I'm makin sunshine
I'm right on time
I'm makin sunshine
I'm makin sunshineThere was a time i was afraid
I let my strength or spirit fade
but now's the time to stand aware and take whats mine
the lessons from my dues are paid
