

Come Get My Love

TKA

Come get my love
Come get my love
Come get my love Come get my love, please don't hesitate
Come get my love, tomorrow is too late
One more chance to give you girl all my love tonight Come get my love before I walk outside
And if I leave you now, I won't be back around
And if by chance you stay, love will save the day Come get my love my baby, come get my love
Come get my love my baby, come get my love
Come get my love I know you've been checking me out for a long, long time
Open up your heart girl and be mine tonight
Open up, open up your heart Open up and come get my love
Open up, open up your heart
And come get my love Come get my love now, please don't make me wait
Come get my love, tomorrow is too late
Come get my love girl come get my love Come get my love my baby, come get my love
Come get my love my baby, come get my love
Come get my love One more chance to give you girl all my love tonight
Come get my love before I walk outside
And if I leave you now, I won't be back around
And if by chance you stay, love will save the day Love will save the day if you come get my love
Love will save the day, tomorrow is too late
Love will save the day if you come get my love
Love will save the day, tomorrow is too late Come get my love
Come get my love
Come get my love
