## **Electro Shock Faders**

## **Hooverphonic**

Long black dress, Hawaiian shirt
Kicking pair of trainers, electro shock faders
Guiding your voice through your veins
Sick of all this working, longing for a sinking
Long black dress, Hawaiian shirt
Kicking pair of trainers, electro shock faders
Guiding your voice through your veins
Sick of all this working, longing for a sinking
Ship that rules the bottom of the sea
A bottle as a prison, not really my idea
Of a perfect environment, it makes you see
Everything's a blur, do you know what I mean?

Long black dress, Hawaiian shirt
Kicking pair of trainers, electro shock faders
Guiding your voice through your veins
Sick of all this working, longing for a sinking
Ship that rules the bottom of the sea
A bottle as a prison, not really my idea
Of a perfect environment, it makes you see
Everything's a blur, do you know what I mean?
Haa haa haa aaa haa haa
Haa haa haa aaa haa haa
