

# For Better or Worse

## Sir Charles Jones

### VERSE1:

You could walk behind me  
Or you could hold my hand  
You could know me fully  
Or never understand  
And you can drive me crazy  
Like only you can  
Life's blessing, life's curse,  
For better or worse

### VERSE2:

You could leave me stranded  
Or hold me with your eyes  
Come home empty handed  
Or with a brilliant surprise  
And you could sing me love songs  
Or just make me blue  
Life's blessing, life's curse,  
For better or worse

I'm with you

### BRIDGE:

Sure there are plenty of fish in the sea  
Flocks of birds on the rise  
Baby, not for me  
'Cause I live in paradise

### VERSE3:

And if harm's way found you  
You know I'd be there  
To wrap my love around you  
To let you know I care  
And when the angels came down  
I'd say don't you dare  
You know not what you do  
May God take me first  
For better or worse  
I love you  
May God take me first  
For better or worse  
I love you
