

Blue Avenue

The Beacon Street Union

Here loneliness call
From every silent shadow on the wall.
Lights are flashing through me
As your sidewalk glow.
Doorsteps reach out to me.
How can they know?
How can they know?
How can they know?

She's gone away
Tonight I learn the games that lovers play.
Electric moon above me
Cast a shallow gloom.
Phantom breeze cry to me.
On blue avenue.
Blue avenue.
Blue avenue.

Blue avenue.
Blue avenue.
Blue avenue.
Blue avenue.
