

Money

I Fight Dragons

Green is where it's at
Green will never let you down
You can bet your life on that
Win the bet and buy your crown
Cause when pushing comes to shove
Money conquers faith and love
You can buy 'em up for nothing down
Money makes the world go round and round
Round and round
Money makes the world go round and round
Round and round
Sell your soul at cost
Buy the bar another round
Make yourself the boss

Pay your workers shit and tax the ground
'Cause when money is your friend
Then the party never ends
Hire a crew and you can paint the town
Money makes the world go round and round
Round and round
Money makes the world go round and round
Round and round
Money makes the world go round and round
Round and round
Money makes the world go round and round
Round and round
Money makes the world go round and round
Round and round
Money makes the world go round and round
Round and round
