

Imperfection (Tycho Brahe Remix)

Real Life

Aww yeah I'm in love and love is what I like
Bend me shake me make me feel alright
I'm in love and love is what I like This is, my imperfection
Waiting for, your direction In my dreams I drown but I don't mind
I'm in love and I'm in love and
Glory Halleluah, I feel fine
I'm in love and I'm in love and
In my dreams I drown but I don't mind This is, my imperfection
Waiting for, your direction This is my imperfection
Waiting for, your direction
This is (I'm never coming down again) my imperfection
I'm never coming down again
Waiting for (I'm never coming down again) Your direction
(I'm never coming downnnn) I'm in love and love is what I like
Bend me shake me make me feel alright
This is my imperfection
Imperfection
Waiting for your direction
Imperfection
This is my imperfection
Imperfection
Waiting for Resurrection I'm never coming down again
I'm never coming down again
I'm never coming down again
I'm never coming down again
I'm never coming, I'm never coming
Bend me shake me make me feel alright
Bend me shake me make me feel alright
Bend me shake me make me feel alright
