

# Too Close VIP (feat. Detour City)

Wilkinson

Oh oh you shout me down you left me here on the floor

I left my self wide open

And I shouldn't knowDon't come too close I won't give away my heart

Don't come too close I won't give away my heart

Don't come too close I won't give away my heart

Don't come too close I won't give away my heartDon't come too close I won't give away my heart

Don't come too close I won't give away my heart

Don't come too close I won't give away my heart

Don't come too close I won't give away my heartOh oh you shout me down you left me here on the floor

I left my self wide open,

And I shouldn't know
