Sweet Pandemonium

Him

Today, tomorrow seems so far away
And the wait in vain, yeah
So safe in the blinding light of love unchained
In yesterday's grave, yeah
The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium
Afraid that everything remains unchanged
In this fragile dream, yeah
Ashamed of the shattered remains
Of promises made, yeah
The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium
Drained by the anger and grief
Fazed by the envy and greed
The secret cries for a release
The lucidity hidden deep in sweet pandemonium
The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium
The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium
