Oh Donna  
You made me stand up  
You made me sit down, Donna  
Sit down, Donna  
Sit down  
You made stand up Donna waiting by the telephone  
Donna waiting for the phone to ring Oh Donna  
You make me break up  
You make me break down, Donna  
Break down, Donna  
Break down  
You make me break up Meanwhile waiting by the telephone  
Donna is waiting for the phone to ring "Hello, darling  
Yes I love you darling  
Yes I love you" Oh Donna  
You made me stand up  
You made me sit down, Donna  
Sit down, Donna  
Sit down  
You make stand up Donna I'd stand on my head for you  
Oh my love, my own one  
Oh my love, my own one Donna waiting by the telephone  
Donna waiting for the phone to ring Oh Donna  
Oh Donna  
Oh Donna  
Oh Donna  
Donna I love you
