

# Scream In Blue (Hordern Pavilion, Sydney 1984)

## Midnight Oil

(Instrumental to second part)

Come to me now, be careful of what you say  
Don't make a sound, there's noise enough in this  
Come with me now, let night move into day  
Let sheets keep secrets that no one else could know  
I could kill for this one time and not be caught  
She said to me this is the one and I know  
Come to me now, this is the final hour  
When I'm dreaming I dream in blue  
When I'm dreaming I dream of you  
When I'm screaming I scream in blue(Rotsey/Moginie/Garrett)
