

House Of Stone

Mudcrutch (Audiophile CD)

That woman
Lives in a house of stone
You better not cuss
You better not roam
Shell put you out
On your ass all alone
That woman
Lives in a house of stone
Fair lady
Give a drunkard a chance
Got a brand new suit
I got two pair of pants
Easy on the eyes
And I love to dance
I could dance right now
If you give me the chance
Im waiting for a man
But he hasnt shown
Im on the corner freezing
Through my bones
Give me one more week
Ill make good that loan
To that woman
Up in that house of stone
The deacons in her church
Say to leave me alone
They say my brain
Is in the twilight zone
And maybe I sin
But I aint high tone
Im after that girl
In that house of stone
Im after that girl
In that house of stone
